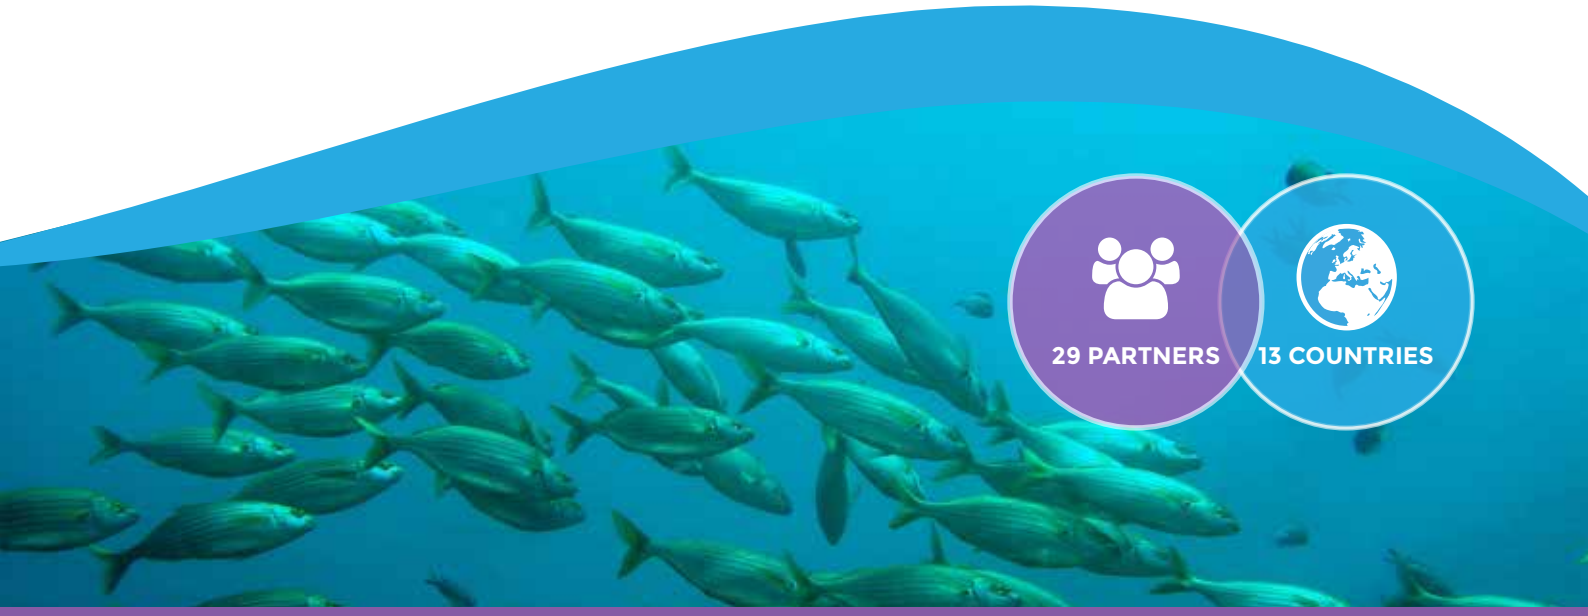
ParaFishControl



ParaFishControl Industry Forum

Organised at the 18th International Conference on Diseases of Fish and Shellfish, European Association of Fish Pathologists (EAFP)

Date and Time: Tuesday, 5 September 2017; 14:00-18:15

Location: Belfast Waterfront, Belfast, Northern Ireland, ROOM 2

ParaFishControl is an EU Horizon 2020-funded research project that aims to improve our understanding of fish-parasite interactions and develop innovative solutions and tools to prevent, control and mitigate harmful parasites which affect the main fish species farmed in Europe.

An important goal of **ParaFishControl** is to ensure effective knowledge exchange with industrial companies and fish farmer associations, through means of the **ParaFishControl** Industry Forum. The Industry Forum is led by Dr Panos Christofilogiannis (AQUARK), with support from AquaTT.

The **ParaFishControl** Industry Forum is pleased to present this dedicated event, which will be a platform for research and industry alike, to explore how the European aquaculture sector could benefit from the latest research results in the area. Target outputs of the **ParaFishControl** project that have potential industry relevance will be presented and facilitation of effective transfer to industry will be discussed.

The full programme of the **ParaFishControl** Industry Forum can be found on the back of this flyer, and online at: **bit.ly/2vhsDOl**

To attend the **ParaFishControl** Industry Forum event, please register for EAFP here: **eafp2017.com/registration.** Once registered for the EAFP event, please send an email to **panos@aquark.gr** with your name and contact details.

Industry stakeholders can join the **ParaFishControl** LinkedIn group to follow the projects' progress: **www.linkedin.com/groups/8429051**

ParaFishControl

AGENDA

14:00 - 14:15	*ParaFishControl Project and Expected Results* Dr Ariadna Sitjà-Bobadilla, ParaFishControl Project Coordinator, IATS -CSIC
14:15 - 14:30	*Economic Impact of Parasitic Diseases in Mediterranean Mariculture* Mr Andreas Kyriakou and Mrs Nancy Dourala, Fish Pathologists SELONDA Group
14:30 - 14:45	*Economic Impact of Parasitic Diseases in Salmon Aquaculture* Dr Hamish Rodger, Global Managing Director FishVet Group
14:45 - 15:00	*Economic Impact of Parasitic Diseases in Carp and Trout Aquaculture* Mr Niels Henriksen, Danish Aquaculture Association
15:00 - 15:15	*ParaFishControl Advances on Parasitic Diseases Diagnostics* Dr Oswaldo Palenzuela, IATS-CSIC
15:15 - 15:45	**POSTER SESSION with COFFEE - Presentation of ParaFishControl Posters**
15:45 - 16:00	*ParaFishControl Advances on Parasitic Disease Treatments* Dr Niels Lorenzen, Technical University of Denmark
16:00 - 16:15	*ParaFishControl Advances on Parasitic Disease Vaccines* Dr James Bron, University of Stirling
16:15 - 16:30	*ParaFishControl Advances on Parasitic Disease Epidemiology* Dr Birgit Oidtmann, CEFAS
16:30 - 16:45	*ParaFishControl Advances on Zoonotic Helminths Research* Dr Ariadna Sitjà-Bobadilla, ParaFishControl Project Coordinator, IATS-CSIC
16:45 - 17:45	*Open Discussion with Comments from Audience* Chairs: Mr Andrea Fabris, FEAP Fish Health Committee, API Dr Ariadna Sitjà-Bobadilla, IATS-CSIC Moderator: Dr Panos Christofilogiannis, AQUARK Discussion Themes: *- ParaFishControl Results and the Facilitation of Effective Transfer to Industry* *- Industry Forum Suggestions for ParaFishControl Future Activities*
17:45 - 18:15	*Conclusions, Future Industry Forum – Actions and Industry Interactions*
